Herding large numbers of cattle on open terrain required significant manpower just to catch strays, but with an inexpensive method to divide, sub-divide and allocate parcels of land to control the movement of cattle, the need for a vast labor force became unnecessary. The next Humanities Oversoul: The Greatest I called Paco. Save my name, email, and website in this browser for the next time I comment. Just that morning the teacher was listening to another student explain to Rafael why they should play soccer that afternoon instead of going on a bike ride.
